## Test Firing Damages Claimed in Law Suits

A \$100,000 damage suit has been filed in Federal Court this week against the National Aeronautics and Space Administration at Mississippi Falls by Mr. and Mrs. Lee of Lee Town, Beat 4, Hancock County.

The suit had also been previously filed by other residents of the area, all charging damages on the part of the NASA test firing through the NASA test firing on August 25, 1967.

The booster stage rocket test firing, which was the second duration, caused damage to the homes of the plaintiffs. The plaintiffs claim that the test firing caused damage to their homes by the shock waves and vibrations from the test firing. cause the "atmospheric conditions were not conducive" that day for the testing.

Plaintiffs in the suits filed claims with the agency immediately after the firing, according to Lee, but all claims were rejected by NASA on the grounds that the damages sustained were

not due to the firing. NASA authorities are quoted as stating that under ideal conditions, the static firing could not have been heard outside the Buffer Zone, but that weather conditions on that date were such that sound was expected to be

## Council Awards Contracts. Reports on Lighting Survey

Bidding \$643.00, the Overhead Door Company of Jackson and Long Beach was awarded the contract for installation of two new steel overhead doors at the Bay St. Louis Fire Station on January 8. The only other bidder for the work was Dave McDonald, Inc. who submitted a bid for \$999.00 for the work.

Two bids were received also for city depository for the year Jan. 8, 1969 - Jan. 8, 1970, one from Gulf National Bank and the other from Merchants Bank and Trust Co. Deeming an overall distribution of tax funds between the two bidders highly impractical, it was voted by the Council to accept the bid of Gulf National Bank as depository for utilities funds known as the bond and interest

sinking fund, contingent fund, depreciation fund, and reserve fund. Deposits for these accounts total approximately \$150,000.00 annually, a 3 1/2 percent transfer of funds presently in these accounts will be made from Merchants Bank and Trust Co. on January 8. The remainder of city funds will continue to be deposited in Merchants Bank and Trust Co. for the coming year.

In other action, approval was given for erection of an 18 by 36-inch sign by the First Presbyterian Church on the beach side of Beach Blvd., and Uman Ave. corner. Purpose of the sign will be to provide directions to the church.

A letter was read from Walter James Phillips, member of the Mississippi Research and

## Robberies, Break-ins Continue to Plague Local Law Officers

A \$50.00 was stolen from a small store on the corner of Uman and Dumb, where an estimated \$350.00 worth of electrical tools were taken from the front display area.

The burglary was discovered about 1:30 p.m. Tuesday, December 31, by the store owner, Dave McDonald, who stopped by his office to pick up mail during holiday vacation period while the store was closed for business. McDonald said he had been there on Monday afternoon also, indicating that the robbery occurred during the night.

Missing items include three saws, one belt sander, two drills, and one 1/2 inch screwdriver. McDonald said he was not sure if the tools were taken from the store or if they were taken from the back of the store.

Long Beach about 8:30 a.m., Monday, January 6, when he opened the office for the day. An additional \$5,000.00 worth of damage was done to the safe which was piled upon, apparently with a heavy instrument, according to Fennell. He said that its entire contents were taken, including bank bags and adding machine tapes.

Entry to the office was gained from a rear door where the lock was broken, as was the lock on a storage room next door belonging to Allied Welding. No items were reported missing in the latter case, however.

Earlier in the week, thieves entered three other establishments, including the home of the late Mr. and Mrs. David McDonald, Sr., a building material store,

ply store on the corner of Uman and Dumb, where an estimated \$350.00 worth of electrical tools were taken from the front display area.

## Illegal Tag Crackdown Set

EFFECTIVE JANUARY 15, the Hancock County sheriff's office will begin a crackdown on old and out-of-state license tags.

Sheriff Fred Curet stated that his office has been flooded with complaints from some of the over 7,000 persons who purchased tags before the legal deadline.

Roadblocks will be set up at schools, intersections and other strategic points and tickets will be issued to all violators.

A.H. GREGORY  
A.H. Gregory Succumbs in Bay Springs

A.H. Gregory, manager of Mississippi Power Company, Bay St. Louis office for 15 years, died in a Bay Springs, Mississippi hospital at 1 a.m. Monday, after being admitted to the hospital at 9:30 p.m. Sunday.

Mr. Gregory and his wife, his only immediate survivor, were visiting Mrs. Gregory's sister Mrs. Maile Almsworth at the time he was stricken.

A native of Bay Springs, Gregory moved to Bay St. Louis in 1943 and remained an apartment at the Louisville Gardens at the time of his death.

He retired from Mississippi Power in February of 1967; was a past president of both Bay St. Louis and Moss Point Rotary Clubs with more than 26 years of perfect attendance; past president of the Hancock County Chamber of Commerce and a life Deacon of First Baptist Church which he served as treasurer for 17 years.

Funeral services were at 2 p.m. Wednesday at First Baptist Church, Bay Springs, with services jointly conducted by Rev. Douglas Satterwhite, pastor; Rev. Schuyler Batson, a former pastor of First Baptist Church in Bay St. Louis and Rev. John T. Dearing, present pastor at First Baptist.

## BOARD ATTORNEY REAPPOINTED

# Pre-hearing Date is Set on Redistricting

Announcement of a pre-trial conference in the Hancock County redistricting case and re-appointment of J. H. Benvenuti as attorney occupied opening hours of the all day Monday session of the board of supervisors, meeting for the first time in 1969.

Benvenuti's re-appointment was by unanimous vote after motion was made by Dolph Kellar, seconded by Charles A. Russ III.

Elliott, speaking for the board asked for a statement of cost of the project before action could be taken in the matter.

H.A. Malchow gave a full engineering report on state and federal aid road projects. He stated that some more changes would have to be made in the beach road contract. The original plan of cracking existing

concrete slabs on the roadway had proved impractical and those withstanding pressure from an eight ton test rolling machine would not be broken. Malchow added that all culverts would have to be checked as three had been found to be in extremely bad condition. He also said that some curbs and gutters would have to be

straightened and raised, at the suggestion of the state aid road inspector.

Malchow reported on programming for Lakeshore Drive, Caesar-Necaise Road and the Bell Creek Bridge, saying that these plans are now being processed in the state office in Jackson.

## Drop Embezzlement Charges After Restitution Made

Embezzlement charges were filed on January 3, and later withdrawn against the manager of the L.I. General Food Store on Highway 90, according to local police.

Reported as released after restitution was made by a doctor and a brother was Benny Anderson, 38, who had been living at Pine Haven Motel, also on Highway 90, since shortly after assuming his duties at the store in October. He was charged with misappropriation of \$1,000.88 from store receipts by Ford Smith, District Manager of L.I. General Store, of Biloxi.

Ford said irregularities in bank deposits first came to his attention on December 29, discovering later that bank deposit slips had been falsified. Prior to this, according to Ford, Anderson had been considered one

of the chain's outstanding employees.

Said to be a native of Sunflower, Mississippi, Anderson had reportedly been in the cor-

vice where he served in the finance division and did auditing for a Coast motel on a part time basis. The Bay St. Louis store was his first assignment with L.I. General Stores.

## Bay St. Louis Man Held For Preliminary Hearing

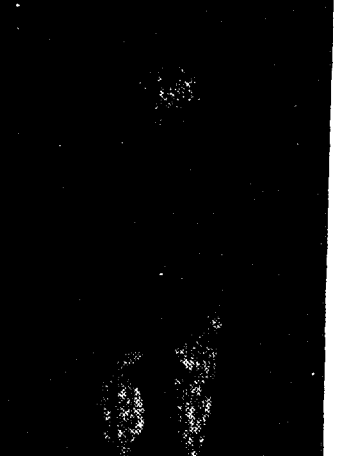

Reported held in the Gulfport city jail as a burglary suspect, and also charged with possession of narcotics is Martin Theodore Collins, 23, 416 Sycamore St., Bay St. Louis. He is being held in lieu of a \$8,000 bond pending a preliminary hearing.

Collins was apprehended when a burglar alarm from Broad Avenue Pharmacy, 1104 Broad Ave., Gulfport, went off at 8:04 a.m. Tuesday. Patrolmen arrived to find the drug

store's front door open and Collins inside. Collins surrounded without resistance, according to police reports.

A small amount of barbiturates was found on Collins' person, but police said they did not come out of the drug store stock.

## Trailer Home Destroyed After Heater Explodes

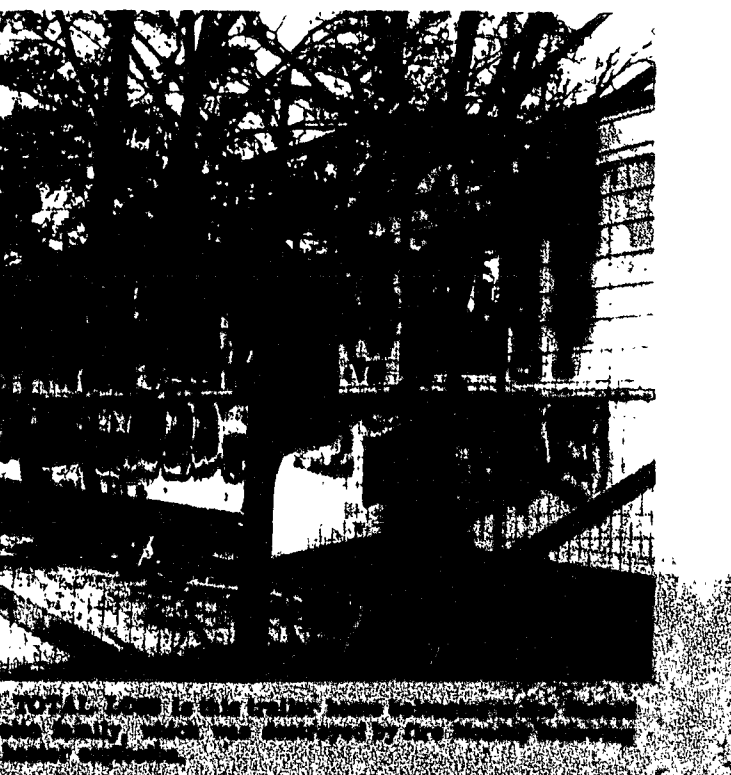

A Bay St. Louis woman received minor facial burns and her two children escaped injury when their trailer home was destroyed by fire Monday morning.

Mrs. Harold Nette, 37, resided in the trailer on a lot owned by her husband. The trailer was destroyed by fire Monday morning.

Bay St. Louis firemen found the trailer engulfed in flames, but managed to extinguish the blaze within about 30 minutes.

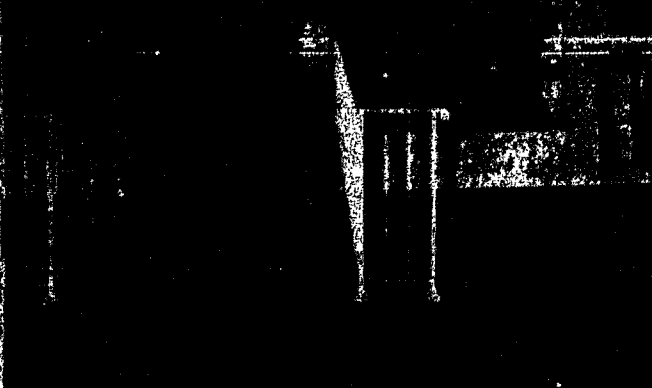

The trailer and contents were destroyed, a total loss.

Mrs. Nette is believed to be the only person injured in the fire. She is being treated for minor facial burns.

## Seabee Captain's Name Given Girl Scout Lake

South Mississippi's Gulf Pines Girl Scout Council has honored Captain Robert C. Engram, U.S. Marine Corps, for his service to the Girl Scouts. The Council's Board took official action with the adoption of a resolution honoring Captain Engram and with presentation of the resolution and a Girl Scout sash during ceremonies honoring the Navy Captain recently.

Captain Engram's change of command marked two years of activity and labor of the Navy Seabee at Gulf Pines Camp. He was the 10th Seabee to be in command of the "Can Do" project, a project completed by the dedicated Seabee construction battalions. The Seabee battalions have taken projects at the Girl Scout Camp which include the construction of cabins, an Olympic swimming pool, dining hall

and kitchen, office and trading post, roads, power lines, water lines, lake and den. In official ceremony honoring Captain Engram, the Council Board members stated that because of his personal and deep interest in the youth of this area, and in particular for Girl Scouting, the Construction Battalions homeported at Gulfport Navy Base had been able to accomplish as a training project the needed facilities for camping on the 339 acre camp located north of Wiggins.

Captain James M. Hill, Jr., CEC, USN, a native of Wiggins, Miss., relieved Captain Engram of his command on December 10. Captain Hill was taken on a tour of the Girl Scout Camp by Captain Engram and Mrs. William Fairley, Executive Director of Gulf Pines Council prior to the change of command, and pledged his continuing support to the completion of Camp Hill Kana.

## Bishop Perry Ordains Two At Divine Word

Auxiliary Bishop Harold R. Perry, S.V.D., D.D., of New Orleans, returned to his home at St. Augustine, Bay St. Louis, to confer the priesthood on Father Clifford P. Labbe, S.V.D., of Lafayette, La., and Father George Roessmann, S.V.D., formerly of Duluth, Minn., at the Divine Word Seminary chapel on January 5.

time the bishop's department was transferred to Divine Word Seminary, Bay St. Louis. Bishop Perry used the new revised English rite of ordination at the January 4 ceremony, attended by scores of priests, relatives and friends. A banquet followed the ceremony in the Father Wendel wing of the seminary.

Father Labbe celebrated his first Mass the following day in the Cathedral of St. John the Evangelist, Lafayette. Father Roessmann offered his first Mass in the Divine Word Seminary chapel on January 5. The two new priests will return to Techy, Illinois to complete their theology course, at which time they will receive their mission appointments.

## Why Risk Heart Attack?

Each year, more than 500,000 people die of heart attack in this country. Many thousands of these deaths occur among people in their most productive years.

Can anything be done to prevent this loss of life? Through research scientists and their studies, we find that certain physical conditions and living habits certainly reduce the risks. All this adds up to a health program that can be followed:

1. Reduce saturated fat and cholesterol diet.
2. Count your calories - avoid excess weight.
3. Control high blood pressure.
4. Don't smoke.
5. Exercise regularly.
6. Have regular medical checkups.

## Bay Fire Estimate \$61,375 in Damages

Fires in the City of Bay St. Louis caused an estimated \$61,375 in property damage in 1965 according to Fire Chief Billy Carbonetto's yearly report.

The department answered a total of 146 calls of which 26 were house fires, seven, sheds; 11, automobiles, 90 grass fires and one blaze caused by grease.

Seven were out-of-town fires and three false alarms were turned in.

## Plan Coordinating Committees For Placing the Handicapped

A coordinating committee for agencies placing handicapped workers in jobs has been recommended by the committee on job placement and service expansion for Statewide Planning for Vocational Rehabilitation.

The committee listed numerous groups engaged in job placement and noted that "it becomes apparent that efforts of all must be coordinated if best results are to be achieved."

The committee suggested that the coordinating group might consist of the three full-time placement-service agencies -- the Division of Vocational Rehabilitation in the State Department of Education, the Division for the Blind in the Department of Welfare, and the Mississippi State Employment

Service -- plus others as needed.

"Such a coordinating committee," said the report, "should be particularly useful at the local level and might be supplemented by joint attendance at training conferences and by visits of local staff to facilities of other agencies and organizations."

Statewide Planning is a two-year study of Mississippi's needs by mid-1975. The study is sponsored by the Division for Vocational Rehabilitation and by the Division for the Blind.

The study is being conducted for the two sponsoring agencies by Southwest Educational Enterprises, Inc., Yazoo City. Fred W. Young, President of Southwest Educational Enterprises, said recommendations from all 17 study groups must be approved by a five-man policy board.

He said approved recommendations will be included in a final report to be published at the close of the study. He said the report will be published early in 1969.

## Pearl River Development Conducts Site Study

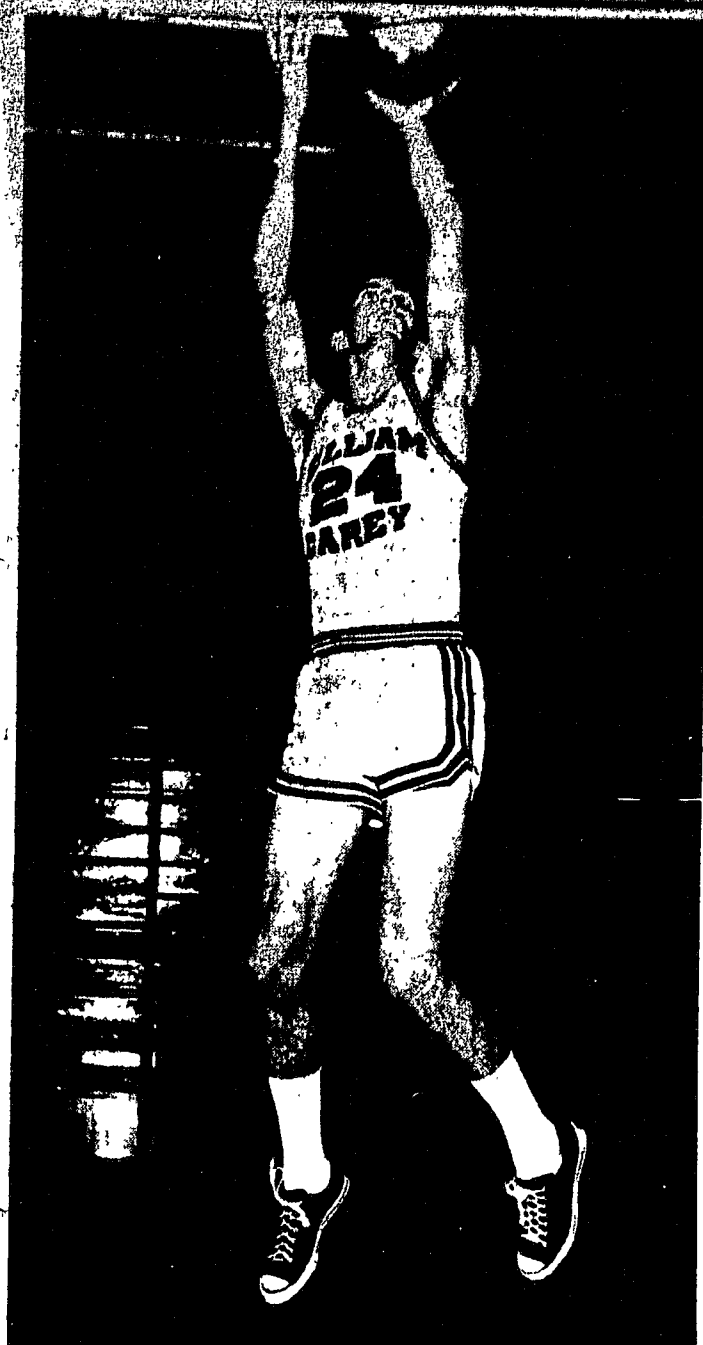

C. H. "Dick" King, President of the Pearl River Basin Development District, announced that the district is presently conducting a study to locate potential sites for water parks, boat launching ramps and other recreation areas throughout the basin.

Areas suitable for hiking, horseback riding and bicycle paths, picnicking, camping and boat launching ramps will be located along the Pearl on the District containing the development of the Pearl as a pleasure boating area.

The study will also locate recreation areas in those counties that are members of the district but do not border the river.

Staff members of the U.S. Soil Conservation Service and Mississippi Game and Fish Commission are providing information and assistance in each county.

The Basin District Board members from each county are working closely with the study team in determining the best sites within each county. Board members from Hancock County are Dr. A. K. Martinovich, Jr., and Johnson Shaw.

MIKE NECAISE, a 6-5 forward from Bay St. Louis, Miss., is one of the reasons that the William Carey College Crusaders are currently 5-0. Mike is a sophomore and is averaging 14.4 points per game. He averaged 18.9 as a freshman last year.

## Three College Professors To Judge Student Essays

Mississippi Arts Festival Literary Competition committee today named three prominent state college professors to judge entries in the junior division for high school writers.

Dr. Gerald W. Walton, director of freshman English at the University of Mississippi, will judge formal and informal essays; Dr. Maria Butler, professor of English at Delta State College, will judge poetry and Dr. Kenneth Rainey, assistant professor of English at Mississippi College, will judge short story.

The deadline for entries in the four divisions--short story, poetry, formal essay and informal essay--is February 1. Winners will be announced at the 1969 Mississippi Arts Festival in April and cash awards will be given first place winners.

Entries must be submitted to: Arts Festival Literary Competition, 3858 Redbud Road, Jackson, Miss. 39211.

Rules released by the committee are: Competition is limited to native or resident Mississippians and only unpublished work is acceptable. A 2,500 word limit is imposed upon the short story, formal and informal essays. In poetry, the writer may submit one long poem or no more than six short poems in a group. (Note: A short poem must have at least four lines.) Manuscripts must be typed, double-spaced on one side of the paper. There should be a separate detachable title page accompanying each manuscript stating: name and address of writer (writer's name must not appear elsewhere); title of manuscript; poems or group of poems; current school, if attending any; the division and category entered. Title must be repeated in the upper right corner of each page.

There is a \$1 entry fee for each essay, short story and poem or group of poems.

MRS. CATHERINE ISHEM AND HER HUSBAND ARE SHOWN WITH LAMAR-LANE SALESMAN J.C. KOENEN AS CATHERINE TAKES DELIVERY OF HER NEW CHEVROLET.

When I became ready to buy a new car a good friend of mine recommended Lamar-Lane Chevrolet and salesman, J.C. Koenen.

Sure enough, J.C. helped my husband and myself select just the car we wanted and also handled all of the paper work. I had no idea that it was so easy to own and drive a new Chevrolet. Please go and see J.C., you'll be glad you did? (A GERRY LANE ENTERPRISE) MRS. CATHERINE ISHEM (ADV.) Bay St. Louis.

"Is educational television really effective?" "How much will it cost?" "When will it start?" These and other questions are answered in a new booklet published by the Mississippi Authority for Educational Television.

This free booklet entitled, "What It's All About--Questions and Answers About ETV," is brief and to the point. It discusses the State's existing capital investment in ETV and the current financial problem which developed when the Legislature adjourned without appropriating funds to operate the system.

Other areas, such as the cost of ETV to local school systems and the role of the classroom teacher in ETV, are discussed. The booklet describes the location of ETV network stations in the State and explains why the Mississippi ETV system will be a full-color one. Also included is a question regarding the effectiveness of educational television.

One of the most interesting sections of the new booklet is the sample broadcast schedule. Bob Rowland, Associate Director of the MAET for Programming, said, "The sample schedule is designed to demonstrate the wide range of programs available on ETV. This range extends from Adventures in Logic for elementary students to the Psychology of Reading for the classroom teacher."

"Business and Industrial people may enroll in Technical Mathematics or Problems of Plant Expansion," Rowland said. Also suggested are programs in literacy training, oceanography, great drama, music, and a special series for professionals which will include such topics as law, transportation, medicine, and engineering.

The booklet is available by writing to the Mississippi Authority for Educational Television, P.O. Drawer 2470, Jackson, Mississippi 39205.

Funeral services were in New Orleans Sunday for Dr. Dan D. Baker of New Orleans who was a summer resident of Beach Blvd., Bay St. Louis.

Dr. Baker died at 9:10 p.m. Friday, Jan. 5, as the result of injuries suffered when he was struck by a hit-and-run driver as he crossed Tulane Avenue on his way to make a call on a patient.

He is survived by his wife, the former Cynthia Lucet, two sisters and a brother. Burial was in Lakeview Mausoleum.

## Mrs. Quintini TOPS Queen

The Bay Winners Chapter of T.O.P.S. (Take off pounds sensibly) club crowned Mrs. Perre Quintini Queen of the year of 1968. Mrs. Quintini has lost more weight than any of the other members. A gift from Hi-Way Gift Shop and a crown charm from National Headquarters was awarded to the Queen.

Runner Up was Mrs. Charles Stahle who lost only one-half pound less than the queen. Mrs. F. Asher and Mrs. T. Asher tied for the honor of queen for the month of December.

The club meets every Tuesday at 12 noon at the home of Mrs. B.A. Mutter on Genin Street. Ladies of the area who are interested in losing weight are asked to call Mrs. Mutter for information or attend one of our meetings.

## CAT RESCUED

Our Volunteer Firemen are heroes not only to humans, but to our feline friends as well. Answering a call to 117 Charles St. at 8:17 a.m., January 6, firemen assisted a cat stranded in a tree at the residence of Mrs. Marvin Paul, who said the cat had been in distress all night.

## Clothing Care News

Keep those hang tags that come with new clothing, suggest authorities at the National Institute of Drycleaning. They can be helpful later to you and your drycleaner. Today's variety of fabrics and blends are made into an even greater variety of weaves, dyes and finishes. All of this can sometimes create a difficult identification task for the drycleaner.

## Welfare Checks To Increase In March '69

(Cont. from Page 1)  
The present \$50 maximum will be stepped up to \$55 maximum in welfare checks for Old Age Assistance, Aid to the Permanently and Totally Disabled and Aid to the Blind in March 1969, Arthur Winstead, commissioner of the State Department of Public Welfare, announces today.

These increased benefits are a result of action by the State Commission of Budget and Accounting which permits the department of public welfare to increase its rate of spending.

This increase also directly affects many of the persons whose cases were closed a year ago due to an increase in social security benefits. It is expected that three-fourths of these persons will now become eligible for a welfare check on making re-application at their county offices.

Present recipients, if eligible, will automatically receive the increase in the March 1969 check without requiring them to contact their local welfare departments.

The three, two 16-year olds and one 15, were turned over to juvenile authorities in the Crescent City.

A truck, found abandoned in Shoreline Park by Deputy Jay March on Jan. 6, was also listed as having been stolen from New Orleans on Jan. 1. The vehicle was returned to the construction firm which had reported the theft.

## COUNCIL AWARDS...

(Cont. from Page 1)  
Development Commission, proposing a joint meeting of civic and governmental bodies in Hancock County on January 30 in connection with overall planning. Commissioner C. Y. J. Glover was instructed to reply that the Council will participate and cooperate with R. and D. on that date, either in the joint meeting or individually.

Mayor John Scalfie announced that his survey of street lighting is about 80 percent complete, and that the remainder should be finished this week. The survey is being conducted with the assistance of Jim Price of the Mississippi Power Co. in expectation of conversion from the obsolete incandescent lighting to the mercury vapor system. Mayor Scalfie noted that the budget for the year provides an increase of about \$7,000.00 over last year's \$13,000.00, but still will run about \$6,000.00 short of anticipated needs for total City conversion. Present plans are to allocate available funds, giving first preference to commercial areas in the city.

Action and comments were again postponed on letter from TV. Cable service for Bay St. Louis. According to the Gulfport station's letter, there is question as to whether Hancock County comes under the jurisdiction of Gulfport or New Orleans; and waiver must be obtained from the FCC before proceeding. The latter could result in a delay of possibly one year.

## Waveland VFD Had 118 Calls

Fire calls for the volunteer fire department in Waveland for 1968 were at a record high. As reported by Robert Lucas, president of Waveland Fire Dept., the department had 118 fire calls during the year. The complete breakdown is as follows:

Town of Waveland:  
House - 11; Brush - 70, Misc. and Car - 13.  
Bay St. Louis:  
House - 3; Brush - 4, Misc. and car - 1.  
East Hancock County:  
House - 2; Brush - 1, Misc. and Car - 2, Mutual aid - 2, (with other fire depts.).  
False Alarms - 6, Resuscitation calls - 3.

audible outside the Butler Zone. The area suffering the damages is approximately two miles north of the Butler Zone, and skies that day were said to be overcast, with a breeze blowing from the south.

Others filing claims at the time, but denied any payment, were C. M. Lumpkin, Carriere; Percy Murdock, Picayune; Gordon Belanger, Rt. 1, Picayune; Larry Rester, Rt. 3, Picayune; Otha Rester, Rt. 3, Picayune; Mrs. Archie McQueen, Rt. 1, Picayune; Mr. and Mrs. Lawrence Bennett, Picayune; Mrs. Theodore Stockstill, Rt. 3, Picayune; Mrs. Morlan Cagle, Pearllington; J. J. Holcomb, Picayune; Troy Robbins, Picayune; M. O. Pigott, Rt. 1, Picayune; Arthur A. Wells, Flat Top Community; W. A. Pippin, Picayune; and Mrs. Ardell Stockstill, Rt. 3, Picayune.

## Law Suits...

(Cont. from Page 1)  
All buildings which have been involved, according to Otha Rester of Lee Town Community, are of concrete block construction on a slab foundation. Frame buildings have not been noticeably affected, says Rester, who believes some of the problem may be in an extremely hard clay soil structure in the area. Nevertheless, says Rester and Lee, building contractors do not agree to repair existing damage to buildings and recommend complete demolition and rebuilding frame or extension joint structures.

Known damages are estimated to run well above \$60,000 as a result of the 1967 firing, and have increased appreciably as a result of the December 18, 1968, firing, which took place under similar weather conditions, according to residents. A firing during the first week in December, however, went unnoticed, the difference being in the fact that the weather during this firing was clear, states Rester.

## Redistricting...

(Cont. from Page 1)  
He also said that a study of road and bridge mileage in the county was about 60 percent complete, but that it could be stepped up and possibly completed before needed for the redistricting conference.

Resolutions were approved for two contracts for the port and harbor commission. These, introduced by Charles Hill, director, were for Fromberg Engineering to complete services on phase 2 of the project at a cost of 6.4 percent of total construction cost; and for actual work at the site including surfacing three and one-half miles of access road and clearing, grubbing and leveling ground 1,000 feet back from the access channel in accordance with plans drawn up by Michael Baker.

## Robberies...

(Cont. from Page 1)  
The PHA offices were ransacked, desks broken open, papers dumped and scattered on the floor, and a newspaper fire built on the floor, all seemingly in a vain search for cash, according to Max Stone, county supervisor. A number of checks were in the office, said Stone, but all were made payable either to borrowers or to F.H.A. While some of these were found and damaged, none were reported stolen. The only cash in the office was approximately \$5.00 which was taken from the soft drink machine.

In the Wright-Way Cleaners case, the cash register was broken open, and burned matches strewn over the floor, but no further damage or loss reported.

Bay St. Louis police are being assisted by the Federal Bureau of Investigation where possible in these incidents, as well as in the Mail-Photo robbery which occurred over the Christmas holiday.

## Commission to Enforce Woods Fire Legislation

The Mississippi Forestry Commission is enforcing House Bill No. 583: Laws of 1960. The law states, "If any person wilfully, maliciously, and feloniously sets fire on any woods, meadow, marsh, field, or prairie, not his own, he shall be guilty of a felony and shall, upon conviction, be sentenced to the state penitentiary for not more than two (2) years nor less than one (1) year, or fined not less than two hundred dollars (\$200.00) nor more than one thousand dollars (\$1,000.00), or both, in the discretion of the court."

The Forestry Commission solicits the cooperation of all the landowners in Pearl River and Hancock Counties to help eradicate this unnecessary loss to our economy, according to Area Forester Norman A. Coleman. In spite of the damage done by wild forest fire, timber and timber products provide 25% of the total income of the people of Miss.

In an effort to further reduce this unnecessary loss of timber to wild fire, the Mississippi Forestry Commission has employed a full time investigator. His job is to determine who is the guilty party or parties and with the cooperation of the local law enforcement officials, bring them to the proper court for trial.

## Bay Girl's Husband Awarded AF Ribbon

Sergeant Michael L. Alberts, son of Mr. and Mrs. Mark C. Alberts of 1217 N. First St., Upland, Calif., has been recognized for helping his unit earn the U.S. Air Force Outstanding Unit Award.

Sergeant Alberts, an airborne navigation equipment repairman in the 9th Weather Reconnaissance Wing at McClellan AFB, Calif., will wear the distinctive service ribbon as a permanent decoration.

The unit was cited for exceptionally meritorious service for demonstrating an outstanding degree of professionalism in conducting its assigned weather reconnaissance, sampling, and special missions.

The sergeant, a graduate of Ganesha High School, Pomona, Calif., attended California Polytechnic Institute.

His wife, Elaine, is the daughter of Mr. and Mrs. E.P. Marshall of 505 Hancock St., Bay St. Louis, Miss.

## Insurance Changes

The latest changes in the disability insurance program are outlined in a new edition of a booklet, "If You Become Disabled," which is available at the Social Security Administration district office, 1022 32nd Ave., Gulfport.

According to Theodore F. Robinson, district manager, the new booklet helps to correct a number of misconceptions about the program which offers monthly payments to disabled workers and their dependents.

BY CLARE MITCHELL

Miss Frances Kennedy celebrated her eighth birthday on Friday evening with a party at the home of her parents, Mr. and Mrs. J. C. Kennedy. Cake and punch were served after which the children enjoyed games and dancing.

Those attending were Sandra and Marva Long, Perry and Mark Moran, Patricia and Madeline Ryan and Sharon and Cindy Mitchell.

Also Carl Olson, Arlene Haas, Robert Moran, Tony Hodges, Richey Mitchell, Terry Neelise, Robert Broadhead, Frank Jordan, Michel Farve, Roxanne Maunray, Gail Banks. Adults attending were: Mr. and Mrs. Joyce Shyue, Mr. Pete Moran, Mrs. Martha Broadhead and niece, Mrs. Wallace Haas, Mrs. Johnny Banks and Mr. C. J. Maunray and Gina.

Astronauts took off for their new historic space voyage from Cape Kennedy. The Wagners, who had observed several static tests at MTF, report that viewing the real thing was an experience which almost defies description.

SECOND LT. Kenny Kothmann, who graduated from Officers Training School at Lackland AFB Dec. 20, his wife Carol and daughter Karyn, spent a holiday leave with his parents Lois and Henry Kothmann. Kenny is now in Pilot School at Craig AFB in Selma, Ala. where his family will join him as soon as he finds suitable living quarters.

FLORENCE FOGGIE had as holiday guests her brother Harold De Long, Mrs. DeLong, their daughters Florence and Sylvia and a friend, Sharon Germstad, all of Mather, Wis.

LOUISE AND JOE WYMER spent Christmas in the Crescent City where they dined with Jean and Fred Lister, and of course also visited Pat and Gene Watkins and daughters.

THE WYMERs had Ona Costella as their New Year's Day dinner guest.

HONORINE HUGHES has returned to her Clermont Harbor home after spending the past month in Atlanta, Ga. where she enjoyed the Christmas holidays with her son-in-law and daughter, Mr. and Mrs. James Puckett and daughters. Honorine then went to Nashville, Tenn. and visited Mr. and Mrs. T. Puckett to celebrate the advent of the New Year.

MR. AND MRS. GEORGE Dickerson and daughter Marylou of Burlington, Iowa spent their Christmas vacation with her parents Mr. and Mrs. O. E. Pope and her sister Mrs. L. T. Boyd, Jr.

THE J. KENT BOYDS of Kansas City, Kan. were also guests in the L. T. Boyd home where the whole family gathered for Christmas dinner.

THIS MUST BE puppy week! We had another desperate call from a lady who found an adorable tiny blonde female with one blue eye and one brown eye. The little one is obviously housebroken, so must be someone's pet. If you've lost such an animal, or would like to own same, just phone 467-7063.

Louise and Verne Shaw spent the New Year's holidays as guests of Mr. and Mrs. A. G. Peasley in Poncahola, Fla.

**Felt Daughter On Birthday**  
BY CLARE MITCHELL

Mr. and Mrs. G. R. Rannenberg celebrated at a skating party in honor of their daughter Robin Lynn on the occasion of her eighth birthday.

Enjoying refreshment and skating at Waveland Roller Rink were Donna, Delores, Charlotte Jones, Brigitte Tibbets, Holly Vegas, Anne Johnson, Nancy Goodrich, Tracy and Kellee Kendall and Lisa Rannenberg, sister of the honoree.

The priests of Annunciation Parish have moved into the new rectory. The new building is very lovely and I'm sure is being enjoyed very much.

JEAN (MRS. GORDON) GLEIM asks once again that we remind those who gave her checks on either Dec. 5th or 6th (the days before she was robbed) to please contact her. Until she gets in touch with all of these customers, she'll be unable to complete her bookwork for the month.

ALL OF THOSE who knew Elvira and Bob Whitson when they lived in Waveland will be interested to learn that Bob has been transferred to Washington, D.C. and they are now living in Alexandria, Va. They'll be moving again in July—this time to Illinois.

BOBBIE AND VERNON McCullough and family were among those from the site who traveled to Cape Kennedy to view the Astronauts' take-off for their space flight around the moon.

HAZEL DAHLIN, who hasn't been over to her Broad St. Waveland home since Thanksgiving, sends greetings to all of her local friends. She's kept quite busy as president of the Crescent City Council of Kappa Kappa Kappa sorority and is now considering taking another trip abroad. She's trying to decide which she would prefer to visit, Scandinavian countries or Australia.

CLAIRE MITCHELL, our very competent Kilt reporter, is accomplishing her duties under a considerable handicap. Claire suffered a sprained ankle in a fall at her home last week.

COL. NUNEZ Piler was also injured when he struck his head after taking a spill on the lawn of his North Beach home. He received emergency treatment at Hancock General, was transferred to Veterans in Bixby, but was allowed to return before Christmas.

MORE BIRTHDAY celebrants, Ann (Mrs. Clyde) Craig was born on Dec. 25, and Judy (Mrs. Lamar) Hill observed her birthday on Saturday, Dec. 21.

MERICE AND MARCEL La Nasa entertained approximately 70 guests at a party following an informal recital given by their pupils at the La Nasas' Vacation Lane home Friday night.

GOOD NEWS for Bay-Waveland Yacht Club members and their guests. The dining room is to be enlarged by removing the wall separating it from the porch. Renovations will also include insulation as four new combined heating-cooling units are to be installed.

### Cathy Hughes Wins Title

Best dressed title went to a fashion-minded senior of Biloxi High School, Cathy Hughes. Blonde, green-eyed Cathy keeps herself busy around Biloxi High. She is currently serving as vice-president of Les Petite and her F. H. A. class in Home Economics and is assistant editor of the Annual, Cathy was also selected as Interact's November Calendar Girl, substitute cheerleader for homecoming, and Junior Miss Club Maid-of-Honor contestant in the Shrimp Bowl.

Outside of the school activities, she is a member of Gayler's Teen Board, and is currently serving as president of the Junior Miss Social Club. When asked what she likes to do in her free time, she replied "to sew."

Cathy resides at 156 Rodenberg with her parents, Mr. and Mrs. F. R. (Tex.) Hughes. She is the granddaughter of Mrs. Sylvester Guagliardo and the late L. L. Lee, and a niece of Mrs. Irma Levens.

Juana and Wade came over Saturday for the Junior Miss Pageant. Jean and Emile and Juana and Wade went to the Pizza Inn and had a great time after the pageant.

Tom and Laurie are now a steady twosome. Since the Paris original has expired and Mississippi State is distant, Judi has looked to the homefront for activities lately. She was first runner up in the Junior Miss Pageant.

Kathy and Greg celebrated five wonderful months of going steady Friday Dec. 13. He gave her a dozen red roses. Tom and Lynn had a great time Saturday night after the pageant.

Pam is back to bounding down the halls. Looks like "rails" made all this bouncing begin!

Sam's really great for paint-psychedelic pictures. Cathy and Greig are a steady twosome.

Corliss couldn't stop laughing at the sight of G.M. in the hall. Speaking about halls, Audie's at it again.

L.C. and Artie had flu this weekend. What's all this with Judy and Trick - or - Treat?

Special get well wishes go to Marty Marr who broke his collar-bone and hurt his arm. Hi to Ronnie P. from all of his friends at Bay Senior High.

What's Don been up to lately? Is he still busy as he used to be? Roberta and Jimmy have been having a super fine time lately.

## Pearlington Boy Enrolled in Merchant Marine School

Richard White

Richard Wayne White, son of Mr. and Mrs. William B. White, Pearlington, Mississippi, is currently enrolled as a student in the Calhoun M.E.B.A. Engineering School to learn to become a licensed engineer in the United States Merchant Marine.

Located in Baltimore, Maryland, the school began its third year of operation on October 1, 1968. Because of the extreme shortage of licensed engineers aboard American-flag merchant vessels, it was established in 1966 by the National Marine Engineers' Beneficial Association (AFL-CIO) and is financed by the shipowners in

an agreement with the engineers' union.

About 400 young men are presently enrolled in the two-year crash course which begins with six months of classroom training, followed by a year as an apprentice aboard an American merchant vessel, and then another six months in classroom. All the time a young man is undergoing training, he is paid \$200 per month and provided with lodging and meals at the school's headquarters in Baltimore. The school is located in Maryland because of the influence of Representative Edward A. Garmatz (D., Md.), Chairman of the House Merchant Marine and Fisheries Committee.

Young White, 18, is now in the classroom study group learning about ships and the basics of engineering before he goes aboard a ship for his year's training as an apprentice engineer.

When he completes that year at sea, he will return to the school for six more months of classroom study and then sit before a Coast Guard board in examination for his third engineer's license. Once he receives that, he will be able to go to sea as a full-fledged marine engineer.

To qualify, a young man must be a high school graduate or be able to pass the high school equivalent examination. He must maintain passing grades during the entire course and maintain a good moral record.

White is a graduate of Bay Senior High School.

He was enrolled in the Calhoun M. E. B. A. Engineering School on November 14, 1968.

New classes are formed every two or three weeks. Each class consists of only 20 to 25 youths. The school is programmed to have about 500 students in the classroom and at sea at the same time.

Any youth between the ages of 18 and 25 who is interested in joining the program should contact Mr. Roy Luebbe, Director, Calhoun M.E.B.A. Engineering School, 9 Light Street, Baltimore, Maryland 21202.

yearly - On information from Pat Toomey, local Game Warden, more turkeys were killed this season than in any previous one.

It's about time to get ready for some real fishing. We think during the holidays most sportsmen were busy hunting. Hunting during the next month will be finished. With warmer weather fishing will start in full swing and for those who know it doesn't take long as the water warms up for both bass and perch to return to hitting surface baits. There will still be a few days of cold weather and speckles and red fish will be caught by trolling and casting.

As of now, bass can be caught by trolling with underwater baits. With the water warming perch and bass will be hitting top water baits in our shallow lakes, bayous and ponds.

Woodcock are a delicacy and their meat is firm and delicious. They are found in damp marshy places. These birds are hunted with dogs or can be kicked up when walking through the woods. The woodcock season closes on Jan. 31. So there is still some time to kill a few of these prized birds.

Met C.M. Brady over in Harrison County while looking for doves hasn't seen any in a long time he said. They by-pass our section. No feeding grounds, he claimed.

Mr. and Mrs. Joe Cuevas have a camp up Jordan River and do a lot of fishing. Joe killed a 10-point buck recently and had the head mounted. Quite a trophy.

Nickey Rauxet made a trip to the marsh last week. Killed some ducks and caught some real speckles and red fish. Nicky comes over with friends from New Orleans and goes with his dad.

The following are the closing dates for the remainder of the open seasons:

Rails - January 10. Deer - January 11. Squirrels - January 11. Geese - January 12. Doves - January 13. Snipe - January 31. Ducks - January 15. and Woodcock - January 31.

The list was sent in by your friendly game warden Patrick Toomey.

## KANTCHA KETCHUM

By L. J. Davis

It is hard to believe that the hunting season has closed. In general the seasons were about record-breaking but deer hunting, rabbit, turkey and squirrel hunting were pretty good with still some time left for fishing.

Dove hunting was on the less side with not too many doves being killed during the first two open seasons. The third season is still open. It will close this weekend. Doves have been rather scarce with less doves seen than in the past couple of years.

Persistent hunters are reporting killing some doves but not like they used to be.

According to reports duck hunting was had up the bayous and rivers. When fishing one would accidentally kill a few ducks or Ponds Duck, Ducks and geese by-passed our area and headed for the Louisiana marshes where they are still being killed.

It is rather hard for our local hunters to buy a duck stamp for \$3.00, a box of shells for over \$3.00, some gas for the boat, a few calls and drinks and be able to kill three ducks or five geese if you are lucky.

With low prevailing tides in most of the bayous, snipe are being killed. Snipe hunting continues until January 31st. This fast flying bird requires good shooting. They land on the banks and are an easy mark when not in flight. They are delicious for eating. About the size of a quail.

E.G. Twine loves to hunt and fish. E. G. is the keeper at Dr. Emile Bertucci's Tidewater on the Fenton Road. He is pretty busy taking care of the home and grounds as well as a farm site nearby.

Dr. Emile Bertucci is having a drive shoot this weekend for a number of his friends at his farm site back of Fenton. Doc enjoys his hunting and fishing and mingling with his friends.

Rumon Allen was telling us of the 312 pound turtle he and his crew members caught at Morgan City recently. They hoisted the animal out of the water and later released it. Rumon says its nothing to land big turtles in that section. A lot of turtle meat and soup went back to sea.

Hoke Ogden, Billy Bourgeois, Sr. and young Billy caught

11 speckles recently. The biggest 4 1/2 pounds was caught by Billy, Jr. Billy is 15 years old.

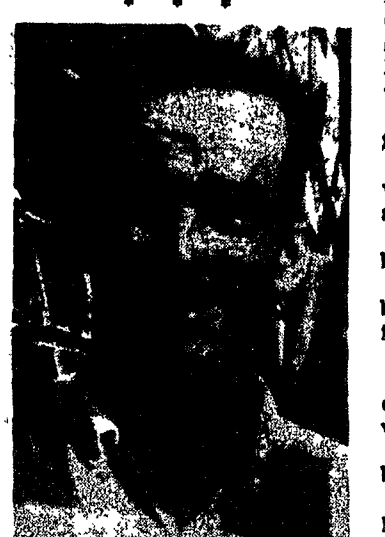

The weather for the past couple of weeks has been rather tough with real cold weather hindering fishing. The winds were steady and strong causing the water to be rough and cold. It was almost too cold to do any kind of fishing. With the weather moderating fishing should get back to normal this week.

According to Pat Toomey deer and turkey hunting has been the best ever. There have been more deer reported right here in Hancock County and among a few of our local young deer hunters killing their first buck were, Geo. Heitzmann, Jr., F. Klein, Jr., Jimmy Ladner, Hilton Ladner and Jimmy Kelley.

Only bucks can be killed and when one doe is killed it is equivalent to 12 deer being killed. One doe has been known to have had triplets.

Be a good sportsman and help protect our deer. It will pay off in the end.

When doing any kind of hunting in the woods do not block fire lanes (known as Restoration Roads) at any time. By blocking these roads it could cause a real forest disaster. Wreckers may be called to move your car which could become expensive. Help protect our forests at all times.

SPORTSMAN OF THE WEEK WILLARD PETERSON, who lives up Necaise Crossing way, has been around for some years. Willard is a hunter, fisherman and real sport. He prefers hunting quail. Raises and trains some real bird dogs. He loves all kinds of hunting and is hard to keep out of the woods when the seasons are open.

Coming back to dove hunting one of our old hunting buddies and farmers explained that there are bad seasons on doves the same as on pecans and other

crops. This years' seasons were a dilly. Not many doves were killed in Hancock or other nearby counties. The season closes this weekend but you can be sure there will be a few hunters out looking for the prized birds. Among them will be Tony Emerante, Tony Emerante, Jr., Lobo Elliott, Ray Garmor, Bub Gonia and Yours Truly.

Our local college boys and girls returned to school last Sunday after a lot of fun had during the Christmas holidays. Fishing, hunting, golfing and other sports took up most of their time.

Turkey hunters are becoming more plentiful in this county

MR. L. J. FAVRE OF BAY ST. LOUIS AND HIS COUSIN W. C. MARTIN ARE SHOWN TAKING DELIVERY OF MR. FAVRE'S NEW CHEVROLET FROM SALESMAN JOE PALAZZO AT LAMAR-LANE CHEVROLET, INC.

I shopped all over the coast and decided to go to New Orleans to buy a car that would fit my budget. I asked my cousin Mr. Martin to drive over to Louisiana with me. When I told him what I was going to do, he said "why go to New Orleans". Let's go talk to Joe Palazzo at Lamar-Lane Chevrolet and I guarantee you that in one hour or so you will drive home in a new Chevrolet. This I told him. I can't believe it!

Two hours later, when I was driving my new car, I'd become a firm believer in Joe Palazzo and Lamar-Lane Chevrolet. L. J. FAVRE, Bay St. Louis.

## Pecan Trees Available At County Agent's Office

The County Agent's Office has been receiving large number of calls pertaining to the purchase of pecan and fruit trees. The office has worked out an agreement with a nursery through cooperative orders. We can purchase pecan trees at a reduced price. Varieties recommended for this area are Stuart and Desirable. Other varieties are also available. The tree that most people are interested in is the 5-6 foot tree and this tree will cost \$2.75 per tree. An additional 50¢ per person will be charged for bundling and tags. If you are interested in purchasing pecan trees, please call the office 467-4631, or 467-5986. Other fruit trees can be ordered in this same way. For additional information please call John Smith, Hancock County Agent, at the above numbers.
